Youth Initiative for Human Rights

## ANNOUNCEMENT

***Belgrade Center for Human Rights, Humanitarian Law Center, Youth Initiative for Human Rights and Lawyers' Committee for Human Rights – YUCOM***, have submitted to the Serbian government's EU Integration Office answers to the questions from the European Commission Questionnaire.

In the answers to the Questionnaire, these four organizations have revealed a variety of information which came as a result of their work, necessary for a completion of the Questionnaire, and in certain cases, for the creation of a realistic picture of human rights in Serbia.

Although the State has an exclusive jurisdiction to answer the questions from the EC Questionnaire by January 31<sup>st</sup>, 2011, civil society organizations have decided to give their contribution and take an active role in the creation of answers. These organizations find such an approach to be more effective since it represents a way in which answers to the Questionnaire in the field of human rights protection, might be tackled, ultimately finding their place in the answers provided by the State.

Belgrade, January 20th, 2011.
